

Stanley EX Series Stealth Breakers

1,500 ft lb to 12,000 ft lb Class

Stanley EXS Breakers Feature:

- **Advanced design** technology for output energy and efficiency.
- **Minimal moving parts** - only 2 - for less maintenance, better performance and less service.
- **Fully enclosed housing** for quieter operation and less dirt contamination.
- **Added steel reinforcement** at lower end of housing to protect housing and powercell.
- **Narrow profile** for better visibility and close-in trench work.
- **Lighter weight** allowing choice of smaller carrier.
- **Supported powercell** by rubber cushions and urethane wear plates to absorb shock and vibration and reduce wear.
- **Service panels** incorporated into the housing allow access to key components without removing powercell from housing.

STANLEY
